No more wasting materials – the new FANTASTIC-FILL with smooth-effect is now available!

“Why spend a fortune on primers which then require laborious sanding?” This was the question we asked ourselves at the beginning of the development process.

Thomas Feldmann
Product manager for Hesse-Lignal

20 % less sanding required

The FANTASTIC-FILL PUR isolation primer is setting new standards for its ability to stay on vertical surfaces, its filling power and its levelling effect with a significantly reduced need for sanding.
